NOTICE to PARENTS: Scientific studies prove the study of chess enhances academic performance, increases overall brain functions, and builds positive behavior. In order for a student to experience the enormous benefits of chess, that student must study chess. Research shows that a minimum of 20 minutes of daily study is required to cross the benefit threshold. That is why Inland Chess Academy offers a subscription to Chess Magnet School as part of the tuition (\$30 value). Please support your children in using Chess Magnet School twenty minutes each day.

The Inland Chess Academy's curriculum is built on research proven methods developed by chess masters and educators, and recommended by the United States Chess Federation (USCF). These proven methods are used by all successful chess schools.

Beginner - Beginners learn and demonstrate the basics of chess play, chess rules, and etiquette.

Intermediate - Students learn algebraic notation, playing with a clock, an understanding of strategies for opening a chess game, major tactical techniques, and basic endgame theory.

Advanced - Students develop advanced competitive strategies including an opening repertoire, positional strategies, tactical combinations, endgame play, and methods of applying sport psychology to their games.

All students gain knowledge of chess history, chess news, and grow their appreciation of chess. Students are encouraged to play in regional and state tournaments for individual and team awards. *Tournament schedule: www.InlandChess.org*

The Inland Chess is building a vibrant chess community:

- ~ Regional tournaments for students and parents, twice monthly on Saturdays.
- ~ Camps on holidays, spring break, and during summer.
- ~ Tutoring and special interest study groups.

"Chess is the only activity for our youth where they are expected to sit quietly and think long thoughts." J Dill, Director ICA
